

## **10<sup>th</sup> Hungarian Conference on Conservation Biology (HCCB)**

**„Flagships, umbrellas and other species:  
what can mammal research do for conservation?”**

**1-3 April 2016  
Mórahalom**

[www.mtbk.hu/10th\\_mtbk/](http://www.mtbk.hu/10th_mtbk/)

1<sup>st</sup> Circular

The 10<sup>th</sup> event of the Hungarian Conservation Biology Conference Series (HCCB) will be held as a workshop on the research of endemic mammalian species of the Carpathian Basin, with particular attention to conservation aspects. The organisers of the workshop, together with the Hungarian Biological Society are the following organisations: MTA Centre for Ecological Research, Hungarian Ornithological and Nature Conservation Society - Mammal Conservation Section, Hungarian Natural History Museum, Kiskunság National Park and University of Szeged - Department of Ecology.

The 10<sup>th</sup> HCCB also places great emphasis on the dialogue and knowledge exchange between participating parties of the Hungarian nature conservation. All are welcome to the event from abroad and from Hungary as well. The talks' preferred language is Hungarian, but English-language presentations are also welcome.

**Time**                      **1-3 April 2016**

**Venue**                    **Aranyszöm Rendezvényház, Mórahalom, Hungary**

### **Main topics and planned sections**

1. Species conservation programs
2. Genetic diversity and protection of population
3. Habitat degradation, conservation and restoration
4. Reintroduction programs, creating new populations, ex situ conservation
5. Research methodology
6. Economic and social aspects, raising awareness

In addition to talks poster presentations are also welcome.

Deadline of registration and abstract submission: **11<sup>th</sup> January 2016**

Payment deadline: **15<sup>th</sup> February 2016**

## **Sponsors**

Kiskunság National Park Directorate  
City Council of Mórahalom  
Hungarian Ornithological and Nature Conservation Society – Mammal Conservation Section  
Hungarian Natural History Museum  
MTA Centre for Ecological Research  
SCB European Section  
SCB Hungarian Chapter

## **Organising Committee**

Gábor Csorba - Chair (HNHM, MME Mammal Conservation Section)  
Anikó Kovács-Hostyánszki – vice-chair (MTA Centre for Ecological Research,  
Institute of Ecology and Botany)  
Melinda Mecsnóber - Secretary (Hungarian Biological Society)  
György Krnács (Kiskunság National Park)  
Barbara Mihók (SCB European Section)  
Nóra Molnár (University of Szeged Department of Ecology)  
Attila Németh (Kiskunság National Park)  
Csaba Szepesváry (MTA Centre for Ecological Research, Danube Research Institute - Department  
of Tisza Research)  
Nóra Vili (Society for Conservation Biology Hungarian Chapter)
